Dear Ms. Hochu:

Thanks for your letter of congratulations on our success in the recent election. I appreciate hearing from you.

It's an honour to be chosen to lead this province. The people of Ontario have put great trust in me, and I will make sure our government delivers and gets Ontario back on track.

Our top priorities are to open Ontario for business again, help create good jobs, lower day-to-day costs, bring prosperity back to our province and restore accountability to Queen's Park. My team is here for the people, and so we look forward to working with you to make sure Ontario is the greatest place to live, to do business and to raise a family.

Thanks again for your kind words.

Sincerely,
